Membership Promotion

By: Tino Mendez

We continue to get new members in our Chapter. The latest new member is G. Mike Giles and he is a Project Engineer with Siemens.

We also have a new transfer from The NE Oklahoma Chapter and his name is Chris Filson with Captive Aire.

Help me welcome these individuals to our Central Oklahoma Chapter.

We have several applications in the process of being filled out but are still a long way from our goal of 35 new members for the year. To sweeten the pot, we are going to get a little competition going by offering two prizes for the two individuals that get the most new members for the Chapter this year. The first place is a \$50 cash card from Target and the second place is a \$25 cash card from Target. The selection of the winners will be made by April 1 so if you are going to Cancun for the CRC you will have extra pesos to spend.

Call me or e-mail me for the application, help the individual fill it out and get a check for \$190 from him/her and get it to me and I will make sure that we start sending the newsletter the first month and will forward the application to Society. There is a place in the application where you can provide your credit card number, expiration date AND your signature and in most cases you will be reimbursed by your employer before the charges hit your credit card.
